

Luke Wood

Profile

Aspiring web and software developer with a passion for technology and a strong work ethic, currently pursuing a bachelor's in computer science. I have hands-on experience in HTML, CSS, JavaScript, jQuery, PHP, and object-oriented languages such as C# within .NET and Java, along with proficiency in Git version control. My portfolio includes projects such as a desktop application with over 500 users as well as a professional website for a local accountancy firm. I thrive in dynamic environments and am eager to contribute to innovative projects that push technological boundaries. My goal is to collaborate with like-minded professionals and deliver impactful solutions through both front-end and back-end development.

Experience

BOOKKEEPER/DATA ENTRY 2023 - Present

Clearwater Accountants

- Assisted in the digital transformation achieved by implementing Xero accounting software.
- Aided in data management, client engagement, and GDPR compliance.
- Gained experience in a professional environment and improved data security practices.
- Frequently engaged with clients, collecting information requested from colleagues.

FRONT END WEB DEVELOPMENT 02/2024

Clearwater Accountants

- Developed a professional website using HTML, CSS, JavaScript, and PHP.
- Enhanced the company's online presence and client engagement.
- Utilised responsive web design techniques to ensure optimal performance across devices.
- Gained a thorough understanding of the 'Go-Live' process and requirements for web development.

FULLSTACK .NET DEVELOPMENT 03/2021 - 12/2023

Personal

- Developed a C# application with third-party API integrations and user authentication.
- Achieved a user base of over 500, showcasing proficiency in the .NET framework and C#.
- Inspired me to pursue computer science studies through hands-on project experience.
