Luke Wood

Computer Science Graduate | Full-Stack Junior Developer
Portfolio: https://pro-developer-luke.github.io/Dev-Portfolio-Website/

Profile

First-Class Computer Science graduate with a passion for both software and web development, experienced in designing and building front-end and back-end solutions using C#, JavaScript, Java, SQL, and HTML/CSS. Skilled in object-oriented programming and familiar with .NET and Agile methodologies, I have delivered practical, real-world projects including a professional client website for an accountancy firm and an AI-powered eLearning platform.

Motivated to grow as a versatile developer in a collaborative Agile environment, I bring strong problem-solving abilities, adaptability, and effective communication skills to team-based projects. With hands-on experience writing SQL queries and a growing interest in PHP, MVC frameworks, and cloud platforms, I aim to further develop my expertise while contributing to innovative, impactful, and effective software and web solutions.
